We finished about where I thought we would. We were without Nate Uhl and he would have given us a 6-12 point turnaround in each dual. Hopefully we can have him in action by Akron's Inv. We are pretty bunched up in the middle as the weight classes go, we bump wrestlers up to fill spots. Eventually we will have 2 @ 125, 2 @ 135, 2@ 140, and 2@ 145 plus we have 2 @ 285 until the middle of January. We still need a lot of practice time, and conditioning. Newcomer Lance Lyman was a bright spot going 4-1 on the day. Ponca wrestlers went 2-3 in duals Saturday finishing 8th out of 12 teams. We defeated Osceola 47-6 and Scribner Snyder 30-29, narrowly losing to Wakefield by 9 after giving up 18pts in opens. **Josh Watchorn recorded his 99th win so He will get his 100th next week at Akron's tournament as he defends his 1st place title.**
