

Socrative

Web-based Student Response System

How Do I Get Started?

1. Go to www.socrative.com and sign up for an account.
2. Once you receive your email confirmation, go to **t.socrative.com** and enter your email and password.
3. You will be given a room number that you will need to give to your students so they can login to your Socrative site (steps given below). You can use the “On The Fly” questions and ask students questions and display their Responses on your smartboard using their cell phones or take students to the computer lab and you can watch their responses on your laptop or your cell phone. This method will take only 3 minutes to setup and have your students responding.

This is your Main Home Screen

These are your “On The Fly” Questions
You don’t need to have a prepared quiz ready to use these options.

When you choose **Exit Ticket**, the students will join your room and will be given three questions... “1) How did I understand the material today?, 2) What is one thing I learned/need help with? and 3) Solve the Problem. Currently you cannot edit these.

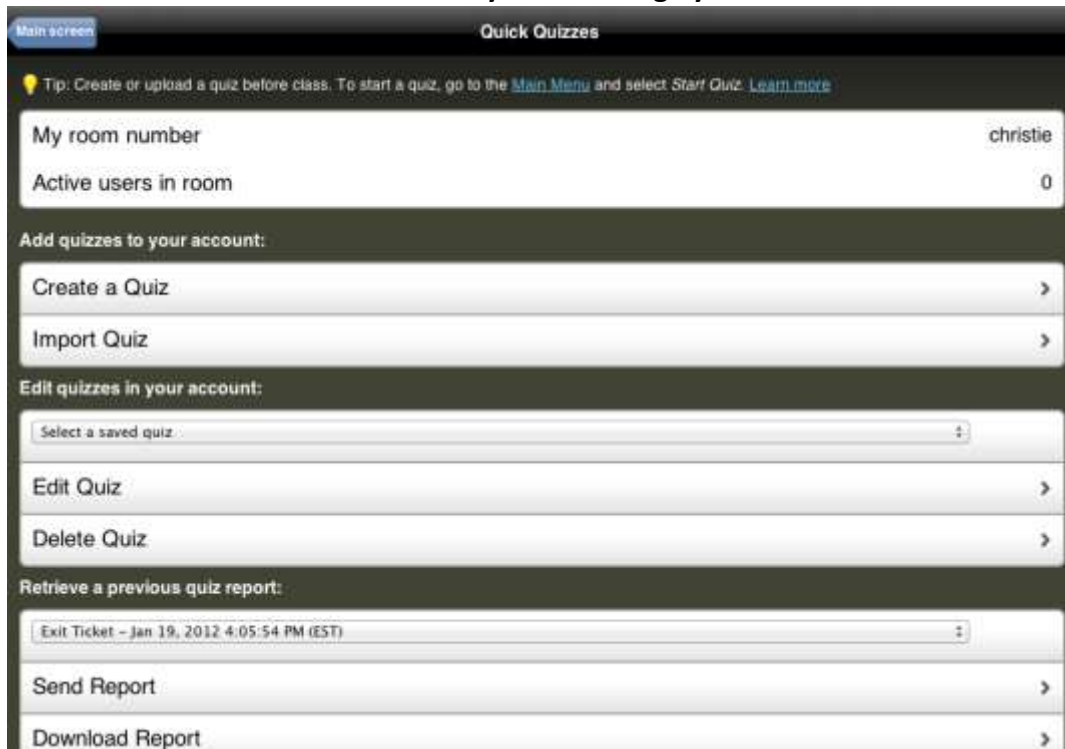

Space Race is a team option. Students work in teams, are assigned a spaceship, and for each correct answer, their spaceship moves one space closer to the finish line.

Click on Manage Quizzes on the Main Home Screen to Create, Import, Edit or Delete Quizzes

Manage Quizzes

This Screen allows you to Manage your Quizzes.

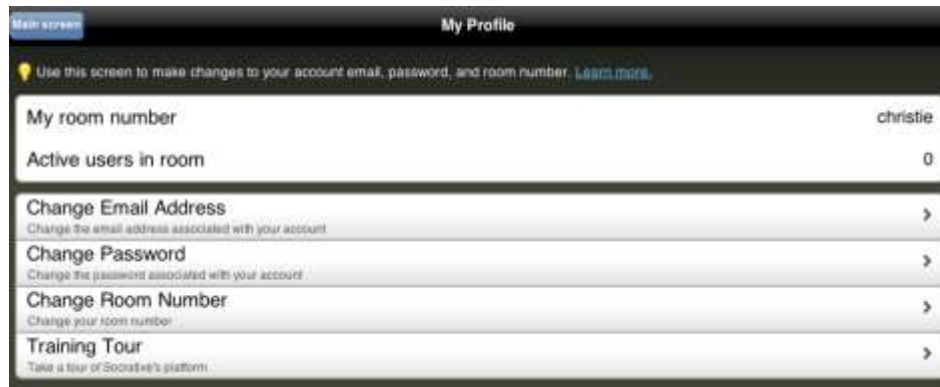

Profile

Click on Profile on the Main Home Screen to Change your Room Number, Update your account information, etc.

This Screen allows you to Manage your Profile.

Using Socrative “On The Fly”...

1. Pose a multiple choice, T/F question or short answer question orally, by writing it on the board, by placing it in your presentation slides, or even use a document camera to portray a worksheet, etc.
2. Tap “Multiple Choice”, T/F, or Short Answer and the students will be given options A through E.
3. The students choose their answer and you see a graph of the responses on your device.
4. You continue providing questions to the students in this manner.
NOTE: The Short Answer question option allows students to view other student’s answers and they can vote on the best answer.

How Do I Create and Save Quizzes?

1. Click on “Manage Quizzes” and “Create a Quiz”
2. Name the quiz.
3. Select the type of question you want: Multiple Choice or Short Answer.
4. For multiple choice, write the question, input up to 5 answers and place a check in front of the correct answer.
5. For short answer, simply write the question.
6. Select another question type, complete the question and repeat.
7. When you're finished adding questions, click "Save".
8. If you need to edit the quiz, the “Edit Quiz” option is located on the same screen.

How Do I Run a Quiz?

1. Return to the "Main Screen"
2. Select "Start Quiz"
3. Choose your Quiz from the *dropdown* menu
4. Select Student Paced or Teacher Paced - Student Paced allows the student
5. Choose whether you want to randomize answer choices
6. Choose whether to disable the student feedback option
7. Press "Start Quiz"

How Do I Get My Students to the Quiz?

1. Have your students open Mozilla
2. Go to m.socrative.com
3. On the screen that appears, enter the Room # provided by the teacher
4. Click on Join Room
5. A message will appear: *"Waiting for teacher to start an activity..."*
6. *Note:* Students can access and take the quiz using either a laptop, tablet, iPod, or SmartPhone.

What Will I see While Students are Taking the Quiz...

1. As the students respond, the teacher will be able to see their responses immediately (if they have enabled this feature).
2. Once all responses have been completed, the teacher will be given the option of having the responses emailed or downloaded. All multiple choice answers will be automatically tallied.
3. The responses will appear in an Excel spreadsheet.
4. Reminder: Once a teacher has created an account, the next time they want to login they will go to: t.socrative.com

What is this Exit Ticket?

The exit ticket is a "built in" form for students. There are three preset questions. To begin an exit ticket, all you do as the teacher is click on Exit Ticket. You don't have control over question pacing. The students will see the following on their screens, but NOTE... you won't see this.

Students join room

Students Input name -- Last name first

Exit Ticket

Room number: christie

How well did you understand today's material?

Totally get it!

Pretty well.

Not very well.

Not at all, need help.

Choose response to the question -- "How well did you understand today's material"?

Exit Ticket

Room number: christie

What did you learn today?

nothin... :)

Submit

Respond with a short answer to "What did you learn today?" You could also have them respond and tell you what they need more help with.

Exit Ticket

Room number: christie

Please solve the problem on the board

There are three main particles of an atom... neutrons, protons, electrons.

Finish Exit Ticket

Let another student take the Exit Ticket

The last question asks students to answer the question on the board. You can verbally ask them a question, etc.

Dashboard

Room number: christie

Activity completed, please wait for teacher to start next activity...

Students then submit their exit ticket.
