4. Competition will be made up of two levels. One level for freshmen-sophomore teams and the other of junior-senior teams. Two levels of questions will be used and the competition will be double elimination. Approximately 80% of the question pool will be from subject areas of English, Science, Math, and Social Studies. Approximately 20% of the questions will be from other subject areas. Questions for each contest will be selected at random.
5. Initial pairings of schools teams in the competition will be done by drawing before the contest. Sample questions and pairings will be sent to schools ahead of time.
6. In each contest a minimum of 8 questions and maximum of 12 questions will be used except in the case of ties at the end of 12 questions. If one team has "closed out" the other team after 8 or more questions, the contest will end. All questions will be "toss-up" questions with the team ringing the buzzer first having the right to answer first. A correct answer will score two points. A wrong answer will give the other team a chance to answer. A correct answer for this team would score two points.
7. If tied after twelve questions, additional questions will be given with the first team scoring winning.
8. After each toss-up question is asked, the teams will have a maximum of 15 seconds to ring the buzzer. The team member buzzing will answer the question and have 5 seconds to answer. If the answer is incorrect, the question may be repeated and the other team will be given an additional 15 seconds to confer and begin their answer. If neither team attempts an answer to the question with the allotted time, no points are scored and the contest proceeds to the next question.
9. Challenge Criteria - Students on a team may challenge the validity of an answer during a match. The challenge must be reasonable and occur immediately after a team answers the question and before the next question is asked. The judges will make a determination on the challenge with possible assistance from sponsors/coaches. No challenges will be allowed after a match is complete and challenges must come from team members only.
10. The Conference will appoint a permanent chair to coordinate the Conference Quiz Bowl on an annual basis. Each contest will be directed by a judge from the conference rotation schools who will ask the questions and determine the validity of the answers. The judge may consult with the timekeeper on answers. Answers need to be sufficiently complete and unique enough to distinguish them from other answers. The judge's decision will be final. A timekeeper will keep track of the time and keep score.
11. Conference medals will be awarded to the first and second place teams in each level. Conference plaques inserts will be awarded to the schools who place in first and second place. There will be no playoff between levels.

Admission charges for any other Conference sponsored activity will be left at the discretion of the conference membership. No admission will be charged uniformed cheerleaders for Conference activities.

SECTION II

Admission charges to the Lewis and Clark Conference Volleyball and Basketball Tournaments, Conference one act, speech, vocal and instrumental music, wrestling, and the Conference track meet shall be \$5.00 for adults and \$4.00 for students. Cheerleaders in uniform admitted free of charge should not exceed the number of cheerleaders listed on the program.

SECTION III

Lewis and Clark Conference activities hosted by individual school districts are considered to be conference events and therefore the provisions of the Elementary and Secondary Public School Student Fees Act do not govern these activities. Local school district student fee policies are not applicable to Conference activities and only those passes and the admissions regulations as outlined in Article XXII, sections I and II of the Lewis and Clark Constitution are applicable.

ARTICLE XXII - PASSES

SECTION I

Conference passes will be allowed each school year for each member school in "good Conference standing" as follows:

1. One pass for each certified employee of the member school. This pass is good for the employee and their spouse.
2. Four passes to be used for bus drivers.
3. One pass for each member of the Board of Education.

4. Passes for coaches that are not certified employees of the member school.

SECTION II

The Conference pass will admit the holder and spouse to all regularly scheduled Conference activities except tournaments hosted by the Conference.

Special passes will be provided for the Conference Basketball Tournament and Conference Volleyball Tournament. The number of passes will be determined by the NSAA manual governing each sport. The number prescribed for Class C-2 will be used for determination. The passes should be color coded for students and adults and should be a different color than the regular conference passes. Student passes would be marked "Players Pass Only" and honored at both boy's and girl's sites.
